

EX-PG

Pin Grabber Coupler

Change attachments in just seconds without ever leaving the cab. Five safety redundancies ensure a solid, safe, hook-up. Ideal for operators with a stock of pin-on buckets who want to upgrade to the convenience of a hydraulic coupling system

- Allows buckets to be hooked-up in reverse for back filling
- Works with various pin-widths
- Low-profile design minimizes loss of breakout force
- Automatic mechanical lock secures attachment in the event of hydraulic failure
- Comes with one set of attachment pins
- Lifting ring standard
