

WL-0600 Series

# Hydraulic Reversible Plow

The result of over 60 years of design improvements this reversible is the industry leader in snow equipment for wheel loaders today. The full floating frame follows the contour of the road both laterally and horizontally to ensure maximum contact.

- Full down pressure capability standard
- Trip moldboard standard, trip edge available
- Replaceable wear shoes and cutting edge for long wear-life
- Available in Craig Quik-Key or OEM coupler & Pin-On configurations
- Solid steel serial number for easy identification and support
- Optional third valve required on machine
