

WL-BF

Hydraulic Reversible Backfill Blade

** Shown with optional stinger hardware*

This dozer blade's wide cylinder stance provides maximum hold and strength while dozing. The cutting edge is gusseted between each mounting hole and a smooth boxed backframe keeps the molboard light and strong.

- Adjustable skid shoe to save wear on cutting edge
- Drilled to accept dealer specified ground engaging tools
- Cushion relief valve standard
- Available in Craig Quik-Key or OEM coupler & Pin-On configurations
- Solid steel serial number for easy identification and support
- Optional third valve required on machine
