

WL-CPG2

# Pipe Grapple

Work on the oil rigs is tough. There's no time for broken equipment or downtime. The Craig Pipe Grapple is built to meet the harshest environments. The dual clamps work smoothly and securely to pickup a full load the length of the fork-tines or a single pipe from the rack without ever leaving the cab.

- All hydraulic hoses concealed within the frame
- Available in various fork lengths and thicknesses
- Extra-wide fork frames available on request
- Available in Craig Quik-Key or OEM coupler & Pin-On configurations
- Solid steel serial number for easy identification and support
- Optional third valve required on machine
