Call the Craig Customer Support Center today to learn more about our new product offerings.

### **REV-V** **FOLDING VEE PLOW**

A versatile multi-position plow, the Craig Folding Vee Plow is capable of acting as a vee plow, inverted vee plow, straight blade, or angled blade. Both sides of the plow operate independently of each other. Machine will require a auxiliary valve to operate the plow. Electric over hydraulic diverter valve included.

### **REV-EXT** **EXTENDABLE REVERSIBLE PLOW**

The Craig Extendable Reversible Plow is ideal for contractors who plow large parking lots and yards. Capable of angling 35°, the Craig Extendable Reversible Plow features extending functionality to increase it's cleared path. Once the job is complete it can be closed back up for safe travel on the road between job sites. Machine will require a auxiliary valve to operate the plow. Electric over hydraulic diverter valve and in-cab controls included.

## **SP-EXT** **EXTENDABLE SNOW PUSHER**

Ideal for contractors who plow large parking lots and yards, the Craig Extendable Snow Pusher gives you a large cleared path for plowing that can be hydraulically adjusted to be safe for travel between job sites. Machine will require a auxiliary valve to operate the plow.

## **T4900WP/T0600WP SERIES** **FOLDING WING PLOW**

The Craig Folding Wing Plow (patent pending) is designed to be the ultimate multi-function snow fighting tool. The adjustable end gates allow it to be used as a reversible plow, box plow, and back dragging plow. Available for backhoes and medium sized wheel loaders with a bucket capacity ranging from 2.00yd to 3.50yd. Machine will require an auxiliary valve to operate the plow. Electric over hydraulic diverter valve and in-cab controls included.
