

EX-CSG

CRAIG SORTING GRAPPLE

The Craig Sorting grapple is a great tool for your excavator due to its wide jaw opening and abilities to close tip to tip for sorting and separating materials. Designed with our proven Rotating Mat Grapple head along with our high wear plate and replaceable edges. Whatever you throw at it, it's up to the challenge.

- Extra wide opening
- Low profile design for added stability
- Replaceable cutting edge
- Paddles can be custom designed to suit your application
- Dual bushings at all pivot points complete with grease fittings
