

MG-FD STEEL GRADER FENDERS

Available as fronts, rears or complete sets exclusively on late model CAT, Deere and Volvo motor graders. These super heavy duty steel fenders will stand up to the harshest conditions.

- Easy bolt-on installation. No welding means easy removal during machine service
- Will not interfere with the machine's functions throughout their full range of motion
- Fender wells are made of 14 gauge steel and include heavy duty rubber mudflaps
- Fenders provide ample clearance for tire chains
- Heavy 1.5" x 1.5" supports
- Integrated step allows access to engine compartments but can also be folded away and secured when not in use
- Allows both left and right cab doors to open fully
