

**MG-401**

## 401 HEAVY DUTY WING ASSEMBLY

Designed specifically for 40 series graders and up, this heavy duty wing assembly has all the great features of the 301 wing assembly in an extra heavy duty package.

- Available with a 14 foot moldboard
- 48" to 60" level benching height (depending on machine make and model)
- Hydraulic push pole adds up to 22" (standard) of increased reach
- Mechanical floating front slide allows constant road contact
- Wing moldboard features rugged box style construction for maximum strength and light weight
- Provides excellent flow from grader moldboard
- Easy installation and removal can be done in the field
- Fully hydraulic design (no cables)
