

WL-LM LIGHT MATERIAL BUCKET

Maximize each load, save time and money. Whether you're loading wood chips, saw dust, peat moss, hog fuel, snow or any other light material you want to load to your machine's capacity. Our engineers can design to meet any application.

- Visibility slots available upon request
- Bolt-on reversible cutting edge ensures long life
- Available in Craig Quik Key, OEM coupler and Pin-on configurations
- Critical wear areas utilize Brinell 400 wear plate
- Drilled to accept dealer specified edge, installed
- Designed to load effectively and easily
- Can be customized to meet your specific requirements
