

## WL-CPF0510 PALLET FORKS

Designed for smaller machines, this version of our Pallet Forks features adjustable tines on a single hanger bar. The tine hanger bar features tine locks to keep tines in place once positioned. A low profile, simplified back frame design allows maximum visibility to the tines for added job site safety.

- Available in various fork lengths and thicknesses
- Available in Craig Quik Key, OEM coupler and Pin-on configurations
- 3 different standard sized back frames available depending on machine category
- Available for machines from backhoe size to larger loaders
