

WL-CSF4070

SHIPPING CONTAINER FORKS

The Craig Shipping Container Forks are designed for category 40-70 machines to carry and move sea containers. The 96" wide back frame allows the forks to line up with most common shipping container fork pockets and comes with adjustable tines for improved usability. Features a heavy duty back frame with reinforcement in key areas to prevent flexing when lifting heavy loads.

- Available in Craig Quik Key, OEM coupler and Pin-on configurations
- 96" wide back frame comes standard
- Available in various fork lengths and thicknesses to suit the machine and sea container
