

WL-STRYKER STRYKER PLOW

The Craig Stryker Plow is designed for small to medium wheel loaders up to a 3.5 yard bucket capacity. This standardized plowing solution comes equipped with our Vertical Down Pressure Float system and is available with a trip edge only. The Vertical Down Pressure Float system allows the plow to float and oscillate with the contours of the road as well as offers the ability to lock-out the floating capability for scraping packed snow or ice.

- Heavy duty, proven Craig two piece trip edge
- Replaceable steel cutting edges - drilled to accept Craig, Cat, and A.A.S.H.O. edges
- Available in Craig Quik Key, OEM coupler and Pin-on configurations
- Available in 10, 11, and 12 foot widths
- Weighs 2,400 - 2,600 lbs
- 42" tall moldboard with 3/16" thick moldboard sheet
- Available painted black only
- Drilled to accept customer supplied curb shoes and plow markers
- Jumper hose ready to operate hydraulic angling function (jumper hoses not included)
- No additional options available
- Available to come with salt saver option upon request
