

OUR MISSION

CUSTOMERS

Craig is dedicated to providing the highest quality products and support to allow our customers to unlock the maximum potential productivity of their equipment.

TEAM MEMBERS

We are committed to providing our Team Members with a stable, 5S and safe working environment that encourages personal and team development. Team creativity and innovation are the cornerstones on which our company has been built and only through these achievements will it succeed.

EXCAVATOR

OIL + GAS ATTACHMENTS

EX-CPG EXCAVATOR PIPE GRAPPLE

An ultra low profile design, the Craig Excavator Pipe Grapple is the best tool for loading and unloading pipe at the job site. Offering great visibility for added safety and dual reinforced top clamps, the Craig Excavator Pipe Grapple is a top performer whether you're moving a single pipe or filling the grapple to capacity.

EXM-CWL CONVERTIBLE WEDGE LOCK COUPLER

The Craig Convertible Wedge Lock Coupler features a light weight, low profile design that maintains your machines OEM tip radius while offering a quick coupling system. Available as either a hydraulic or manual coupler, both configurations share the same chassis allowing them to be easily switched to either configuration at any time with a Craig supplied kit.

EXM-CQL2 CRAIG QUIK LOC GEN. 2

Featuring an instant quick locking knuckle, the Craig Quik Loc Gen. 2 – powered by Cascade – is the ultimate in excavator pin grabber safety. A unique wedge style design allows the Craig Quik Loc Gen. 2 to be light weight and low profile – meaning more attachment capacity.

EXM-ISH CRAIG S-STYLE COUPLER

S1, S2, and S3 styles available to pin onto any excavator. The Craig S-Style Coupler features both audible and visual indicators to let the operator know when the coupler is engaged and disengaged. The low profile design allows for no tip radius extension allowing your machine to maintain maximum breakout force with the convenience of a quick coupling system.

EX-CMG EXCAVATOR ROTATING MAT GRAPPLE

Perfect for loading, unloading, placing, and cleaning mats, the Craig Excavator Rotating Mat Grapple is the ideal tool to increase productivity and enhance matting capabilities. Features dual high torque motors for continuous 360° rotation and a low profile cylinder design that allows for greater opening capability and added stability over the competition.

- Two grapple sizes available capable for carrying 8' wide mats
- 120 – 150 class grapple capable of carrying two mats (~5,000 lbs*)
- 200 – 300 class grapple capable of carrying four mats (~10,000 lbs*)
- Available in 2 clamp configurations – paddle and rake or two paddles
- Optional valve in head control kit available – requires only one set of auxiliary lines
- Dual bushings at all pivot points with grease fittings
- Torque tube design and AR 100 plate construction in rake and paddle

* Max capacity subject to machine capability

EX-SNBL EXCAVATOR SNOW BLADE

Utilizing a unique design with bolt-on cheek plates and replaceable edges, the Craig Excavator Snow Blade is the ideal solution for your excavator to clear snow from the work site.

EXB-CGB CRAIG GRAB BUCKET

An excavator grapple and dig bucket all-in-one, the Craig Grab Bucket is the perfect tool for when you need an alternative to a conventional thumb. Features dual thumb cylinders on the bucket for greater gripping force that follows the bucket throughout the entire curl cycle. NOT AVAILABLE IN THE USA.

EXB-CGB2 GRAB BUCKET SERIES 2

The Craig Grab Bucket S.2 is our newest adaptation of our Grab Bucket. The Helical Actuator can produce up to 54,000 foot-pounds of torque at 3000 PSI. This means a continuous grip throughout the bucket's rotation. And because the thumb is directly mounted on the bucket, you can drop the entire attachment as one piece.

EXB-DCTR TRAPEZOID BUCKET

Ditch and grade at the same time with the Craig Trapezoid Bucket. The flat, narrow bottom makes it ideal for pipe laying operations and makes for less gravel needed when filling the trench back in. Comes standard with bolt-on reversible, replaceable cutting edges. Flat bottom available with teeth for added ground penetration.

LOADER

OIL + GAS ATTACHMENTS

WL-CMG LOADER MAT GRAPPLE

Designed for work in the oil fields, the Craig Mat Grapple for wheel loaders is the perfect tool for moving drilling mats around the job site.

WL-CPG2 LOADER PIPE GRAPPLE

The Craig Pipe Grapple for wheel loaders is designed to work with all standard oil field pipe and features a low profile design that is the ultimate in high visibility.

WL-RBVHD HEAVY DUTY ROCK BUCKET

Built to withstand harsh environments and severe service, Heavy Duty Rock Buckets are reinforced with extra thick plate and Brinell 400 wear protection on all wear surfaces. Straight, semi-spade and full spade edges available with your choice of teeth and segments. Features a plate style spill guard.

- Available with custom hard-facing for your specific application (pricing will vary)
- Can be configured with various arrow head cutting edges upon request
- Critical wear areas utilize Brinell 400 wear plate
- Drilled to accept dealer specified ground engaging tools

WL-QKM QUIK KEY COUPLER

The Craig Quik Key coupler system allows for maximum work site and seasonal versatility. Change attachments in just seconds. Purchase our female blank to add to existing attachments or other heavy job site items that need to be moved frequently.

WL-CVMC COMBO COUPLER

Offering superior visibility and minimal extension on the loader arms, the Craig Combo Coupler allows your machine to pick up existing OEM specific attachments.

WL-GP GENERAL PURPOSE BUCKET

The Craig General Purpose Bucket is the result of over 70 years of field tested, proven design and manufacturing capability.

WL-GPP PERFORMANCE BUCKET

Use your machine to its full potential with the Craig Performance Bucket. Featuring curved side cutters, the Craig Performance Bucket allows for a greater heaped capacity over the traditional General Purpose bucket giving you an advantage when it comes to loading trucks.

WL-QKSB CRANE BOOM

Bucket lift hooks can be dangerous, they're also inefficient. Reach further, more accurately and with better visibility by using the Craig Crane Boom. Available in 2-section or 3-section configurations. Hydraulic and manual extension available.

WL-BFH HYDRAULIC REVERSIBLE BACKFILL BLADE

This dozer blade's wide cylinder stance provides maximum hold and strength while dozing. The cutting edge is gusseted between each mounting hole and a smooth boxed back frame keeps the moldboard light and strong.

STAFFED WITH INDUSTRY PROFESSIONALS, THE CRAIG CUSTOMER SUPPORT CENTER IS READY TO HELP YOU WITH YOUR HEAVY EQUIPMENT ATTACHMENT NEEDS.

Our responsive team of professionals make doing business with Craig easy! Whether you're purchasing new, looking to bring new life to an existing attachment, or need assistance with attachment operation, the Craig Customer Support Center is here to help.
